

Game

Initially students participate in full or modified games. At this stage formative assessment takes place.

Performance

Students take part in a full or modified game applying all new knowledge and skills. This is the time for summative assessments.

Game Appreciation

Students are given the chance to enjoy the experience of learning through game play.

TGfU Model

Learner at the Centre

Skill Execution

Do the students have the ability to convert their decisions into actions? Can they execute the correct skill to enable their team to succeed?

Tactical Awareness

Through game play students are encouraged to identify attacking & defending strategies and implement successful tactical action.

Making Appropriate Decisions

In dynamic situations make real time decisions. These could be with or without the ball.

What Should I Do?

How Should I Do It?
